| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FACS, IF, WB                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant full-length human RBM8A protein was used as the immunogen for the RBM8A/Y14 antibody.                                                                                                                                                             |
| Produktbeschreibung      | The exon junction complex (EJC) is a multiprotein complex that assembles approximately 20-24 nucleotides upstream of exon-exon junctions in pre-mRNAs. It is involved in mRNA export, cytoplasmic localization, and nonsense-mediated mRNA decay. Members ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [PCRP-RBM8A-1B4]                                                                                                                                                                                                                                              |
| UniProt                  | <a href="#">Q9Y5S9</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein A/G affinity                                                                                                                                                                                                                                          |

|                        |                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------|
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                          |
| Antibody Type          | Primary Antibody                                                                        |
| Application Verdünnung | Flow cytometry: 1-2ug/million cells,Immunofluorescence: 1-2ug/ml,Western blot: 1-2ug/ml |
| Anwendungsbeschreibung | Optimal dilution of the RBM8A/Y14 antibody should be determined by the researcher.      |
