| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FACS, IF                                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant full-length human protein was used as the immunogen for the ERK2 antibody.                                                                                                                                                                        |
| Produktbeschreibung      | Mitogen-activated protein kinase (MAPK) signaling pathways involve two closely-related MAP kinases, known as extracellular-signal-related kinase 1 (ERK 1, p44) and 2 (ERK 2, p42). Growth factors, steroid hormones, G protein coupled receptor ligands a... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [PCRP-MAPK1-1D1]                                                                                                                                                                                                                                              |
| UniProt                  | <a href="#">P28482</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein A/G affinity                                                                                                                                                                                                                                          |

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                               |
| Antibody Type          | Primary Antibody                                                                                             |
| Application Verdünnung | ELISA (order BSA-free format for coating),Flow cytometry: 0.5-2ug/million cells,Immunofluorescence: 1-2ug/ml |
| Anwendungsbeschreibung | Optimal dilution of the ERK2 antibody should be determined by the researcher.                                |
