| Wirt                     | Mouse                                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                                      |
| Applikation              | ICC, IHC                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Gallus, Human, Mouse, Rat                                                                                                                                                                                                                       |
| Immunogen                | Fusion protein amino acids 932-1043 (intracellular carboxyl terminus) of rat KCC2b (accession number Q63633) produced recombinantly in E. Coli                                                                                                  |
| Konjugation              | FL650                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Our Anti-KCC2 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N1/66. It detects chicken, human, mouse, and rat KCC2, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                      |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                       |

|                        |                                              |
|------------------------|----------------------------------------------|
| Klon-Bezeichnung       | [N1/66]                                      |
| Molekulargewicht       | 140 kDa                                      |
| Isotyp                 | IgG1                                         |
| UniProt                | <a href="#">Q63633</a>                       |
| Puffer                 | PBS with 0.09% azide                         |
| Target-Kategorie       | KCC2                                         |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
