| Kategorie                | Antikörper                                                                                                                                                                                                                                                  |
| Applikation              | ICC, IHC                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rabbit, Rat                                                                                                                                                                                                                                   |
| Immunogen                | Synthetic peptide amino acids 53-74 (PDGAYSSASSFSRPLGYVNS) of human DLX1 (accession number P56177)                                                                                                                                                          |
| Konjugation              | FL550                                                                                                                                                                                                                                                       |
| Produktbeschreibung      | Our Anti-DLX1 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone L43/40. It is KO validated, detects human, mouse, rabbit, and rat DLX1, and is purified by Protein A chromatography. It is great for use in IHC.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                  |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                                   |

|                        |                                              |
|------------------------|----------------------------------------------|
| Klon-Bezeichnung       | [L43/40]                                     |
| Molekulargewicht       | 27 kDa                                       |
| Isotyp                 | IgG2a                                        |
| UniProt                | <a href="#">P56177</a>                       |
| Puffer                 | PBS with 0.09% azide                         |
| Target-Kategorie       | DLX1                                         |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
