| Kategorie                | Antikörper                                                                                                                                                                                                          |
| Applikation              | ICC, IHC                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                               |
| Immunogen                | Purified human spleen ferritin                                                                                                                                                                                      |
| Konjugation              | FL594                                                                                                                                                                                                               |
| Produktbeschreibung      | Our Anti-Ferritin rabbit polyclonal primary antibody from Antibodies Incorporated is produced in-house. It detects human Ferritin, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                          |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                           |
| Molekulargewicht         | 19 kDa (light chain) and 21 kDa (heavy chain)                                                                                                                                                                       |
| UniProt                  | <a href="#">P02792</a>                                                                                                                                                                                              |

|                        |                                              |
|------------------------|----------------------------------------------|
| Puffer                 | PBS with 0.09% azide                         |
| Target-Kategorie       | Ferritin                                     |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A Chromatography |
