| Alternativnummer         | ANI-RP-4003-CF                                                                                                                                                                                                                         |
| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                                                                                             |
| Applikation              | ELISA, ICC, IHC, WB                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                  |
| Immunogen                | Purified human Fibronectin from human plasma                                                                                                                                                                                           |
| Konjugation              | Unconjugated                                                                                                                                                                                                                           |
| Produktbeschreibung      | Our carrier-free Anti-Fibronectin rabbit polyclonal primary antibody from Antibodies Incorporated is produced in-house. It detects human Fibronectin, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                             |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                |
| Molekulargewicht         | 200-220 kDa                                                                                                                                                                                                                            |

|                        |                                              |
