| Artikelname              | MORF4L1 Antibody - N-terminal region                                                                                                      |
| Artikelnummer            | ASB-ARP32831_P050                                                                                                                         |
| Hersteller Artikelnummer | ARP32831_P050                                                                                                                             |
| Alternativnummer         | ASB-ARP32831_P050-25UL,ASB-ARP32831_P050-100UL                                                                                            |
| Hersteller               | Aviva                                                                                                                                     |
| Wirt                     | Rabbit                                                                                                                                    |
| Kategorie                | Proteine/Peptide                                                                                                                          |
| Applikation              | WB                                                                                                                                        |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat, Zebrafish                                                                  |
| Immunogen                | The immunogen is a synthetic peptide directed towards the N terminal region of human MORF4L1                                              |
| Produktbeschreibung      | MORF4L1 is a novel chromodomain protein that is present in two distinct multiprotein complexes involved in transcriptional activation.... |
| Klonalität               | Polyclonal                                                                                                                                |
| Konzentration            | 0.5 mg/ml                                                                                                                                 |
| Molekulargewicht         | 37kDa                                                                                                                                     |
| NCBI                     | <a href="#">10933</a>                                                                                                                     |

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| UniProt      | <a href="#">A5D8W6</a>                                                                            |
| Formulierung | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
