| Hersteller               | Aviva                                                                                                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                                                                                                             |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                   |
| Applikation              | IHC, WB                                                                                                                                                                                                            |
| Spezies Reaktivität      | Bovine, Canine, Equine, Goat, Guinea pig, Human, Mouse, Porcine, Rabbit, Rat, Sheep, Zebrafish                                                                                                                     |
| Produktbeschreibung      | As a nuclear steroid receptor, Ppara heterodimerizes with retinoid-X receptor (RXR), and binds to peroxisome proliferator response elements (PPREs) to initiate the transcriptional regulation of target genes.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                         |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                          |
| Molekulargewicht         | 51kDa                                                                                                                                                                                                              |
| NCBI                     | <a href="#">25747</a>                                                                                                                                                                                              |
| UniProt                  | <a href="#">P37230</a>                                                                                                                                                                                             |

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| Formulierung | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
