| Spezies Reaktivität      | Equine, Human, Rat                                                                                                                                                                                                                                            |
| Immunogen                | The immunogen is a synthetic peptide directed towards the C terminal region of human TP53                                                                                                                                                                     |
| Produktbeschreibung      | TP53 acts as a tumor suppressor in many tumor types, induces growth arrest or apoptosis depending on the physiological circumstances and cell type. Involved in cell cycle regulation as a trans-activator that acts to negatively regulate cell division ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 44kDa                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">7157</a>                                                                                                                                                                                                                                          |

|              |                                                                                                   |
