| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Bovine, Canine, Equine, Human, Mouse, Rat                                                                                                                                                                                                                     |
| Immunogen                | The immunogen is a synthetic peptide directed towards the N terminal region of human HTR3A                                                                                                                                                                    |
| Produktbeschreibung      | HTR3A belongs to the ligand-gated ion channel receptor superfamily. It is the subunit A of the type 3 receptor for 5-hydroxytryptamine (serotonin), a biogenic hormone that functions as a neurotransmitter, a hormone, and a mitogen. This receptor cause... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 55 kDa                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">3359</a>                                                                                                                                                                                                                                          |
