| Artikelname              | SLC6A1 Antibody - middle region                                                                                                                                                                          |
| Artikelnummer            | ASB-ARP43834_P050                                                                                                                                                                                        |
| Hersteller Artikelnummer | ARP43834_P050                                                                                                                                                                                            |
| Alternativnummer         | ASB-ARP43834_P050-25UL,ASB-ARP43834_P050-100UL                                                                                                                                                           |
| Hersteller               | Aviva                                                                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                                                                   |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                         |
| Applikation              | IHC, WB                                                                                                                                                                                                  |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat, Zebrafish                                                                                                                                 |
| Immunogen                | The immunogen is a synthetic peptide directed towards the middle region of human SLC6A1                                                                                                                  |
| Produktbeschreibung      | SLC6A1 terminates the action of GABA by its high affinity sodium-dependent reuptake into presynaptic terminals. This protein is the target of psychomotor stimulants such as amphetamines or cocaine.... |
| Klonalität               | Polyclonal                                                                                                                                                                                               |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                |
| Molekulargewicht         | 67kDa                                                                                                                                                                                                    |
| NCBI                     | <a href="#">6529</a>                                                                                                                                                                                     |

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| UniProt      | <a href="#">P30531</a>                                                                            |
| Formulierung | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
