| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | ELISA, IF, IHC, WB                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Immunogen                | Recombinant Human NADH dehydrogenase [ubiquinone] 1 beta subcomplex subunit 5, mitochondrial protein (100-189AA)                                                                                                                                              |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Accessory subunit of the mitochondrial membrane respiratory chain NADH dehydrogenase (Complex I), that is believed not to be involved in catalysis. Complex I functions in the transfer of electrons from NADH to the respiratory chain. The immediate ele... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| NCBI                     | <a href="#">4711</a>                                                                                                                                                                                                                                          |
| Formulierung             | Liquid                                                                                                                                                                                                                                                        |
