| Alternativnummer         | ASB-ARP54480_P050-25UL,ASB-ARP54480_P050-100UL                                                                                                                                                                                                                |
| Hersteller               | Aviva                                                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat                                                                                                                                                                                                 |
| Immunogen                | The immunogen is a synthetic peptide directed towards the N terminal region of human AMD1                                                                                                                                                                     |
| Produktbeschreibung      | The specific function of AMD1 is not yet known.This gene encodes an important intermediate enzyme in polyamine biosynthesis. The polyamines spermine, spermidine, and putrescine are low-molecular-weight aliphatic amines essential for cellular prolifer... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 38 kDa                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">262</a>                                                                                                                                                                                                                                           |

|              |                                                                                                   |
