## Product Datasheet

### ARL3 Antibody - N-terminal region ASB-ARP59667\_P050

|                          |                                                                                                                                  |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | ARL3 Antibody - N-terminal region                                                                                                |
| Artikelnummer            | ASB-ARP59667_P050                                                                                                                |
| Hersteller Artikelnummer | ARP59667_P050                                                                                                                    |
| Alternativnummer         | ASB-ARP59667_P050-25UL,ASB-ARP59667_P050-100UL                                                                                   |
| Hersteller               | Aviva                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                           |
| Kategorie                | Proteine/Peptide                                                                                                                 |
| Applikation              | WB                                                                                                                               |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat, Sheep, Yeast, Zebrafish                                           |
| Immunogen                | The immunogen is a synthetic peptide directed towards the N terminal region of human ARL3                                        |
| Produktbeschreibung      | ARL3 is required for normal cytokinesis. ARL3 does not act as an allosteric activator of the cholera toxin catalytic subunit.... |
| Klonalität               | Polyclonal                                                                                                                       |
| Konzentration            | 0.5 mg/ml                                                                                                                        |
| Molekulargewicht         | 20kDa                                                                                                                            |
| NCBI                     | <a href="#">403</a>                                                                                                              |
| UniProt                  | <a href="#">P36405</a>                                                                                                           |

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| Formulierung | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
