| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | IF, WB                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat, Zebrafish                                                                                                                                                                                      |
| Immunogen                | The immunogen is a synthetic peptide directed towards the middle region of human ADD3                                                                                                                                                                         |
| Produktbeschreibung      | Adducins are heteromeric proteins composed of different subunits referred to as adducin alpha, beta and gamma. The three subunits are encoded by distinct genes and belong to a family of membrane skeletal proteins involved in the assembly of spectrin-... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 78kDa                                                                                                                                                                                                                                                         |
