| Hersteller               | Aviva                                                                                                                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                                                                                                               |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                     |
| Applikation              | WB                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat                                                                                                                                                                        |
| Immunogen                | The immunogen is a synthetic peptide directed towards the C terminal region of human ASNS                                                                                                                                            |
| Produktbeschreibung      | ASNS is involved in the synthesis of asparagine. ASNS gene complements a mutation in the temperature-sensitive hamster mutant ts11, which blocks progression through the G1 phase of the cell cycle at nonpermissive temperature.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                           |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                            |
| Molekulargewicht         | 64kDa                                                                                                                                                                                                                                |
| NCBI                     | <a href="#">440</a>                                                                                                                                                                                                                  |

|              |                                                                                                   |
