| Alternativnummer         | ASB-OAGA06069-100UL                                                                                                                                                                                                                                           |
| Hersteller               | Aviva                                                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | ICC, IF, WB                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Immunogen                | Recombinant protein encompassing a sequence within the center region of human RCC2. The exact sequence is proprietary.                                                                                                                                        |
| Produktbeschreibung      | The protein encoded by this gene is a guanine exchange factor that is active on RalA, a small GTPase. The encoded protein and RalA are both essential for proper kinetochore-microtubule function in early mitosis. This protein has been shown to be a bi... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| NCBI                     | <a href="#">55920</a>                                                                                                                                                                                                                                         |
| Puffer                   | 1XPBS, 1% BSA, 20% Glycerol (pH7). 0.01% Thimerosal was added as a preservative.                                                                                                                                                                              |
