| Alternativnummer         | ASB-OAPB00961-0.1MG                                                                                                                                                                            |
| Hersteller               | Aviva                                                                                                                                                                                          |
| Wirt                     | Rabbit                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                               |
| Applikation              | ELISA, IF, IHC-P, WB                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                              |
| Immunogen                | Prosapip1 antibody was raised against a 16 amino acid synthetic peptide from near the carboxy terminus of human Prosapip1. The immunogen is located within amino acids 590 - 640 of Prosapip1. |
| Konjugation              | Unconjugated                                                                                                                                                                                   |
| Produktbeschreibung      | May be involved in promoting the maturation of dendritic spines, probably via regulating SIPA1L1 levels at the postsynaptic density of synapses....                                            |
| Klonalität               | Polyclonal                                                                                                                                                                                     |
| Konzentration            | 1 mg/ml                                                                                                                                                                                        |
| NCBI                     | <a href="#">9762</a>                                                                                                                                                                           |

|              |                                                                              |
|--------------|------------------------------------------------------------------------------|
| Formulierung | Liquid. Prosapip1 Antibody is supplied in PBS containing 0.02% sodium azide. |
