| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IHC, IP, WB                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human c-Jun around the phosphorylation site of Thr93. AA range:61-110                                                                                                                     |
| Produktbeschreibung      | This gene is the putative transforming gene of avian sarcoma virus 17. It encodes a protein which is highly similar to the viral protein, and which interacts directly with specific target DNA sequences to regulate gene expression. This gene is intron... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| Molekulargewicht         | 39-42kD                                                                                                                                                                                                                                                       |
| NCBI                     | <a href="#">3725</a>                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                 |
