| Alternativnummer         | EBT-ES6271-50, EBT-ES6271-100                                                                                                                                                                                                                                  |
| Hersteller               | ELK Biotechnology                                                                                                                                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                     |
| Applikation              | ELISA, IF, IHC                                                                                                                                                                                                                                                 |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                   |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human GCN2. AA range:865-914                                                                                                                                                               |
| Produktbeschreibung      | This gene encodes a member of a family of kinases that phosphorylate the alpha subunit of eukaryotic translation initiation factor-2 (EIF2), resulting in the downregulation of protein synthesis. The encoded protein responds to amino acid deprivation b... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                     |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">440275</a>                                                                                                                                                                                                                                         |
| UniProt                  | <a href="#">Q9P2K8</a>                                                                                                                                                                                                                                         |

|                        |                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------|
| Application Verdünnung | Immunohistochemistry: 1/100 - 1/300. ELISA: 1/20000. Not yet tested in other applications. |
