Human Macrophage Migration Inhibitory Factor (MIF) ELISA Kit ASC-KTE61616

Artikelname	Human Macrophage Migration Inhibitory Factor (MIF) ELISA Kit
Artikelnummer	ASC-KTE61616
Hersteller Artikelnummer	KTE61616
Alternativnummer	ASC-KTE61616-48, ASC-KTE61616-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Macrophage Migration Inhibitory Factor (MIF) ELISA Kit employs a two-site sandwich ELISA to quantitate MIF in samples. An antibody specific for MIF has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any MIF present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MIF is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MIF bound in the initial step. The color development is stopped and the intensity of the color is measured.
