Human Midnolin (MIDN) ELISA Kit ASC-KTE61620

Artikelname	Human Midnolin (MIDN) ELISA Kit
Artikelnummer	ASC-KTE61620
Hersteller Artikelnummer	KTE61620
Alternativnummer	ASC-KTE61620-48, ASC-KTE61620-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Midnolin (MIDN) ELISA Kit employs a two-site sandwich ELISA to quantitate MIDN....

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Midnolin (MIDN) ELISA Kit employs a two-site sandwich ELISA to quantitate MIDN in samples. An antibody specific for MIDN has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any MIDN present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MIDN is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MIDN bound in the initial step. The color development is stopped and the intensity of the color is measured.
