| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Human Neutrophil Activating Protein 2 (NAP2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use On... |
| Detektionsbereich        | 31.2-2000pg/mL                                                                                                                                                                                                                                                |
| Sensitivitaet            | 10.1pg/mL                                                                                                                                                                                                                                                     |
| Proben                   | serum, plasma, tissue homogenates and other biological fluids                                                                                                                                                                                                 |
| Target-Kategorie         | Human Neutrophil Activating Protein 2 (NAP2)                                                                                                                                                                                                                  |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                          |
