| Kategorie                | Kits/Assays                                                                                                                                                                                                                                               |
| Applikation              | ELISA                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                     |
| Produktbeschreibung      | This Human Proteasome 26S Subunit, Non ATPase 10 (PSMD10) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 0.156-10ng/mL                                                                                                                                                                                                                                             |
| Sensitivitaet            | 0.059ng/mL                                                                                                                                                                                                                                                |
| Proben                   | tissue homogenates and other biological fluids                                                                                                                                                                                                            |
| Target-Kategorie         | Human Proteasome 26S Subunit, Non ATPase 10 (PSMD10)                                                                                                                                                                                                      |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                      |
