| Hersteller               | reddot Biotech                                                                                                                                                                                                                                         |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                            |
| Applikation              | ELISA                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Rat                                                                                                                                                                                                                                                    |
| Produktbeschreibung      | This Rat Very Low Density Lipoprotein Receptor (VLDLR) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 0.781-50ng/mL                                                                                                                                                                                                                                          |
| Sensitivitaet            | 0.31ng/mL                                                                                                                                                                                                                                              |
| Proben                   | tissue homogenates and other biological fluids                                                                                                                                                                                                         |
| Target-Kategorie         | Rat Very Low Density Lipoprotein Receptor (VLDLR)                                                                                                                                                                                                      |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                   |
