## Product Datasheet

### Human GTR, Clone: [PSH05-64], Unconjugated, Rabbit, Monoclonal HBO-HA722384

|                          |                                                                 |
|--------------------------|-----------------------------------------------------------------|
| Artikelname              | Human GTR, Clone: [PSH05-64], Unconjugated, Rabbit, Monoclonal  |
| Artikelnummer            | HBO-HA722384                                                    |
| Hersteller Artikelnummer | HA722384                                                        |
| Alternativnummer         | HBO-HA722384                                                    |
| Hersteller               | HUABIO                                                          |
| Wirt                     | Rabbit                                                          |
| Kategorie                | Antikörper                                                      |
| Applikation              | ELISA                                                           |
| Spezies Reaktivität      | Human                                                           |
| Immunogen                | Recombinant protein within human GTR aa 26-162 (Extracellular). |
| Konjugation              | Unconjugated                                                    |
| Klonalität               | Monoclonal                                                      |
| Konzentration            | 1 mg/mL.                                                        |
| Klon-Bezeichnung         | [PSH05-64]                                                      |
| UniProt                  | <a href="#">Q9Y5U5</a>                                          |
| Puffer                   | PBS (pH7.4).                                                    |
| Reinheit                 | Protein A affinity purified.                                    |
| Formulierung             | Liquid                                                          |

|                        |                                                                                                                                                                                                                                                             |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | ELISA(Det): Use at an assay dependent concentration. Can be paired for Sandwich ELISA with Rabbit monoclonal [PSH05-63] to Human GTR (Capture) (HA722383) and recombinant standard Human GTR protein (HA210945). The reference range value is 37-3000pg/ml. |
