| Alternativnummer         | USB-O3002-05-100                                                                                                                                                                                                                                              |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Control peptide for O3002-06 (antiserum) and O3002-07 (affinity purified antibody). Mammalian kidney and liver are critical in maintaining physiological ionic environment. Kidney specializes in removing toxins, drugs, and other organic anions from th... |
| Reinheit                 | Highly purified                                                                                                                                                                                                                                               |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2, 0.09% sodium azide                                                                                                                                                                                                       |
