Product Datasheet

Plasmin, Human USB-P4256-02

Artikelname	Plasmin, Human
Artikelnummer	USB-P4256-02
Hersteller Artikelnummer	P4256-02
Alternativnummer	USB-P4256-02-500
Hersteller	US Biological
Kategorie	Molekularbiologie
Produktbeschreibung	Plasminogen (whether Glu-1, Lys-77 or Val-442) is converted to the active serine protease plasmin by hydrolysis of the Arg560-Val561 peptide bond yielding an NH2-terminal heavy (A) chain and a COOH-terminal light (B) chain linked by 2 disulfide bonds...
Molekulargewicht	83000
Reinheit	95% by SDS-PAGE. Human Lys-plasmin is prepared from homogeneous Glu-plasminogen using urokinase, as described by Robbins et al. (3). Activity is measured by chromogenic substrate assay and purity is judged by SDS gel electrophoresis.
Formulierung	Supplied as a liquid in 50% glycerol/H2O.
