| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Produktbeschreibung      | 13aa peptide of Mouse SCD-3 . Stearoyl-CoA desaturase (SCD, also known as Delta-9 desaturase) is an iron containing membrane enzyme. It catalyzes the rate limiting step in the biosynthesis of mono-unsaturated fatty acids. The enzyme inserts a cis dou... |
| Reinheit                 | Highly purified                                                                                                                                                                                                                                               |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2                                                                                                                                                                                                                           |
