## Product Datasheet

**Tissue Factor Pathway Inhibitor (TFPI), IgG1, Clone: [9F644], Mouse,  
Monoclonal  
USB-T5576-08**

|                          |                                                                                                                                                                                                                                                                |

| Wirt                     | Mouse                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                     |
| Applikation              | ELISA                                                                                                                                                                                                                                                          |
| Immunogen                | N-terminal region of TFPI (aa1-160)                                                                                                                                                                                                                            |
| Produktbeschreibung      | TFPI is the main physiological inhibitor of the extrinsic coagulation pathway. It is a Kunitz-type serine protease inhibitor comprising three tandem units, the first and second units inhibit Factor VIIa/tissue factor complex and factor Xa respectively... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [9F644]                                                                                                                                                                                                                                                        |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                           |
| Reinheit                 | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                 |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2.                                                                                                                                                                                                                           |
