| Alternativnummer         | USB-T5581-02B-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Synthetic peptide FQALGDAADIR conjugated to Ovalbumin.                                                                                                                                                                                                        |
| Produktbeschreibung      | TIMP-1 (Tissue inhibitor of metalloproteinase 1) is a glycoprotein that belongs to the protease inhibitor I35 (TIMP) family. Contains 1 NTR domain, predicted molecular weight 23kD. TIMP-1 forms complexes with matrix metalloproteinases (MMPs) and inhi... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [F31P2A5]                                                                                                                                                                                                                                                     |
| UniProt                  | <a href="#">P01033</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by affinity chromatography.                                                                                                                                                                                                                          |

|              |                                                          |
|--------------|----------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.2, 0.09% sodium azide. |
