## Product Datasheet

### **TLR4 (Toll Like Receptor 4, CD284) (MaxLight 550), IgG2a, Clone: [3F5 HTA125], Mouse, Monoclonal USB-T8050-34-ML550**

|                          |                                                                                                                                                                                                                                                               |

| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, IP                                                                                                                                                                                                                                                        |
| Immunogen                | Ba/F3 cell line expressing TLR4                                                                                                                                                                                                                               |
| Produktbeschreibung      | MaxLight(TM)550 is a new Yellow-Green photostable dye conjugate comparable to Alexa Fluor(TM)546, 555, DyLight(TM)549 , Cy3(TM), TRITC and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (550nm), Emission... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [3F5 HTA125]                                                                                                                                                                                                                                                  |
| Isotyp                   | IgG2a                                                                                                                                                                                                                                                         |
| Reinheit                 | Purified by Protein A affinity chromatography from tissue culture supernatant.                                                                                                                                                                                |

|              |                                                                    |
|--------------|--------------------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.2. Labeled with MaxLight(TM)550. |
