| Alternativnummer         | USB-T8051-06-ML650-100                                                                                                                                                                                                                                        |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide corresponding to 14aa near the middle of human TLR10. Epitope: aa600-650. Species Sequence Homology: bovine                                                                                                                                 |
| Produktbeschreibung      | MaxLight(TM)650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Coe... |
| NCBI                     | <a href="#">88667</a>                                                                                                                                                                                                                                         |
| Reinheit                 | Purified by Ion Exchange chromatography.                                                                                                                                                                                                                      |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. Labeled with MaxLight(TM)650.                                                                                                                                                                                            |
