| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | TGF B from human platelets.                                                                                                                                                                                                                                   |
| Produktbeschreibung      | Applications: Suitable for use in Western Blot and ELISA. Other applications not tested. Recommended Dilution: Western Blot: 5-20ng/ml will allow visualization of 100ng/lane of TGF-beta. Hybridoma: Sp2/0-Ag14 myeloma cells with spleen cells from Balb... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [3H280 2C5]                                                                                                                                                                                                                                                   |
| Reinheit                 | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                |
| Formulierung             | Supplied as a liquid from 0.01M PBS, pH 7.0.                                                                                                                                                                                                                  |
