| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Human Transforming Growth Factor beta 1 from platelets.                                                                                                                                                                                                       |
| Produktbeschreibung      | TGFb1 (Transforming Growth Factor-beta1) is a family of multifunctional 25kD proteins. TGFb1 was originally identified for its ability to induce the growth of normal rodent fibroblasts in soft agar. It is now known that TGFb1 is a potent growth inhib... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [10F521 TB21]                                                                                                                                                                                                                                                 |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">P01137</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by affinity chromatography.                                                                                                                                                                                                                          |

|              |                                                                                 |
|--------------|---------------------------------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.2. Labeled with horseradish peroxidase (HRP). |
