| Alternativnummer         | USB-T8489-86-5                                                                                                                                                                                                                                                |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Sheep                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Triosephosphate isomerase isolated and purified from rabbit muscle.                                                                                                                                                                                           |
| Produktbeschreibung      | Applications: Suitable for use in Immunoelectrophoresis, RID, ELISA, Western Blot and Inhibition. Other applications have not been tested. Recommended Dilutions: Optimal dilutions to be determined by the researcher. Storage and Stability: Lyophilized... |
| Reinheit                 | Purified by ammonium sulphate precipitation and ion exchange chromatography.                                                                                                                                                                                  |
| Formulierung             | Supplied as a lyophilized powder from PBS, pH 7.2. No preservatives added. Reconstitute with 1ml sterile ddH2O.                                                                                                                                               |
