## Product Datasheet

**TrkA (Tyrosine Kinase Receptor A, Nerve Growth Factor Receptor, NGFR)  
(APC), Rabbit  
USB-T8663-APC**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-T8663-APC-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC, IP, WB                                                                                                                                                                                                                                                   |
| Immunogen                | Bacterially expressed purified protein corresponding to the entire extracellular domain of rat TrkA receptor.                                                                                                                                                 |
| Produktbeschreibung      | TrkA has an apparent molecular weight 140kD and is a high affinity nerve growth factor (NGF). Applications: Suitable for use in Western Blot, Immunoprecipitation, Immunohistochemistry and Immunocytochemistry. Other applications have not been tested. ... |
