| Hersteller               | US Biological                                                                                                                                                                                                                                                                          |
| Wirt                     | Mouse                                                                                                                                                                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                                             |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                                              |
| Immunogen                | Human troponin complex                                                                                                                                                                                                                                                                 |
| Produktbeschreibung      | Troponin, working in conjunction with tropomyosin, functions as a molecular switch, regulating muscle contraction in response to changes in the intracellular Ca <sup>2+</sup> concentration. Troponin consists of three subunits, the Ca <sup>2+</sup> -binding subunit troponin C... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                                             |
| Klon-Bezeichnung         | [7E143]                                                                                                                                                                                                                                                                                |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                                                   |
| Reinheit                 | Purified by Protein A affinity chromatography from ascites.                                                                                                                                                                                                                            |

|              |                                                                          |
|--------------|--------------------------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.2. Labeled with Allophycocyanin (APC). |
