| Hersteller               | US Biological                                                                                                                                                                                                                                                    |
| Wirt                     | Mouse                                                                                                                                                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                       |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                   |
| Immunogen                | Free human cardiac troponin and/or native troponin complex.                                                                                                                                                                                                      |
| Produktbeschreibung      | Applications: Suitable for use in ELISA, Western Blot and immunohistochemistry. Other applications not tested.<br>Recommended Dilutions: Optimal dilutions to be determined by the researcher. Hybridoma: Sp2/0 myeloma cells with spleen cells from BALB/c m... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                       |
| Klon-Bezeichnung         | [7E139]                                                                                                                                                                                                                                                          |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                             |

|              |                                                                                                                                       |
|--------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Reinheit     | Purified by Protein A affinity chromatography from ascites.                                                                           |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. No stabilizing proteins added. Labeled with Horseradish peroxidase (HRP). |
