| Hersteller Artikelnummer | T8665-18F-ML650                                                                                                                                                                                                                                               |
| Alternativnummer         | USB-T8665-18F-ML650-100                                                                                                                                                                                                                                       |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Free human cardiac troponin I                                                                                                                                                                                                                                 |
| Produktbeschreibung      | MaxLight(TM)650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Coe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [10F565 C5]                                                                                                                                                                                                                                                   |

|              |                                                                    |
|--------------|--------------------------------------------------------------------|
| Isotyp       | IgG2b                                                              |
| Reinheit     | Purified by Protein A affinity chromatography.                     |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. Labeled with MaxLight(TM)650. |
