| Hersteller               | US Biological                                                                                                                                                                                                                                                                          |
| Wirt                     | Mouse                                                                                                                                                                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                                             |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                                              |
| Immunogen                | Free human cardiac troponin I.                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Troponin, working in conjunction with tropomyosin, functions as a molecular switch, regulating muscle contraction in response to changes in the intracellular Ca <sup>2+</sup> concentration. Troponin consists of three subunits, the Ca <sup>2+</sup> -binding subunit troponin C... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                                             |
| Klon-Bezeichnung         | [1.BB.146]                                                                                                                                                                                                                                                                             |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                                                   |

|              |                                                                                                                               |
|--------------|-------------------------------------------------------------------------------------------------------------------------------|
| Reinheit     | >90% Purified by Protein A affinity chromatography. Purity is tested by electrophoresis.                                      |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. No stabilizing proteins added. Labeled with R-Phycoerythrin (PE). |
