| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA                                                                                                                                                                                                                                                         |
| Immunogen                | Human cardiac Troponin T                                                                                                                                                                                                                                      |
| Produktbeschreibung      | Troponin T is a thin filament regulatory protein of striated muscle that binds to troponin C and I to tropomyosin and is required for calcium-dependent ATPase activity of myofibrillar proteins. It is important in proper muscle function and myofibril ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [8.F.291]                                                                                                                                                                                                                                                     |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |
| Reinheit                 | Purified by Protein A affinity chromatography.                                                                                                                                                                                                                |

|              |                                                                                                |
|--------------|------------------------------------------------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with R-Phycoerythrin (PE). |
