| Artikelname              | Transient Receptor Potential Cation Channel, Subfamily C, Member 4 Associated Protein (TRPC4AP, C20orf188, TRRP4AP, TRUSS, TRP4-associated protein, TRPC4-associated protein, short transient receptor potential channel 4 associated                         |
| Artikelnummer            | USB-T8666-32B                                                                                                                                                                                                                                                 |
| Hersteller Artikelnummer | T8666-32B                                                                                                                                                                                                                                                     |
| Alternativnummer         | USB-T8666-32B-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide corresponding to C-KLTQETTYPTNYIFD, from the internal region of human Trpc4ap (NP_056453.1, NP_955400.1).                                                                                                                                   |
| Produktbeschreibung      | TRPC4AP may participate in the activation of NFκB1 in response to ligation of TNFRSF1A, and may serve as a scaffolding protein to link TNFRSF1A to the IKK signalosome. There are two named isoforms. Applications: Suitable for use in ELISA and Western ... |
| NCBI                     | <a href="#">056453</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by affinity chromatography.                                                                                                                                                                                                                          |

|              |                                                                            |
|--------------|----------------------------------------------------------------------------|
| Formulierung | Supplied as a liquid in Tris saline, pH 7.3, 0.5% BSA, 0.02% sodium azide. |
