| Hersteller               | US Biological                                                                                                                                                                                                                                                   |
| Wirt                     | Mouse                                                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                      |
| Applikation              | IF, WB                                                                                                                                                                                                                                                          |
| Immunogen                | b-tubulin from sea urchin ( <i>S. purpuratus</i> ) sperm.                                                                                                                                                                                                       |
| Produktbeschreibung      | The tubulin protein is a major target of drug molecules, and consequently, tubulin inhibitors have attracted great attention as antimetabolic antitumor agents for chemotherapeutic use. The effects on tubulin messenger RNA levels and tubulin protein syn... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                      |
| Klon-Bezeichnung         | [6A206]                                                                                                                                                                                                                                                         |
| Reinheit                 | Purified by Protein A affinity chromatography                                                                                                                                                                                                                   |

|              |                                                         |
|--------------|---------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.4, 0.09% sodium azide |
|--------------|---------------------------------------------------------|
