## Product Datasheet

**TWEAK (TNF-related Weak Inducer of Apoptosis, APO3 Ligand, APO3/DR3 Ligand, APO3L, CD255, DR3LG, FN14, HCG1991317, MGC129581, MGC20669, Tumor Necrosis Factor Ligand Superfamily Member 12, TNFSF12, UNQ181/PRO207) (APC), Goat100  
USB-T9185-01-APC**

|                          |                                                                                                                                                                                                                                                               |

| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Highly pure (>98%) recombinant human TWEAK.                                                                                                                                                                                                                   |
| Produktbeschreibung      | TNF-related weak inducer of apoptosis (TWEAK) is a member of the tumor necrosis factor superfamily (TNFSF) of structurally related cytokines. Like most other members of this family, TWEAK is a cell surface-associated type II transmembrane protein alt... |
| Reinheit                 | Purified by affinity chromatography.                                                                                                                                                                                                                          |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. Labeled with Allophycocyanin (APC).                                                                                                                                                                                      |
