| Artikelname              | Ubiquitin Activating Enzyme E1, CT (A1S9 Protein, UBE1, Ubiquitin-like Modifier-activating Enzyme 1, UBA1, A1S9T, UBE1), Rabbit                                                                                                                               |
| Artikelnummer            | USB-U1000-08A                                                                                                                                                                                                                                                 |
| Hersteller Artikelnummer | U1000-08A                                                                                                                                                                                                                                                     |
| Alternativnummer         | USB-U1000-08A-200                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Synthetic peptide selected from the C-terminal region of human UBE1 (KLH).                                                                                                                                                                                    |
| Produktbeschreibung      | UBE1 catalyzes the first step in ubiquitin conjugation to mark cellular proteins for degradation. This gene complements an X-linked mouse temperature-sensitive defect in DNA synthesis, and thus may function in DNA repair. It is part of a gene cluster... |
| Reinheit                 | Purified by ammonium sulfate precipitation                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a liquid in PBS, 0.09% sodium azide.                                                                                                                                                                                                              |
