## Product Datasheet

### **WRN (Werner Syndrome Helicase, Werners Syndrome Helicase WRN, Werner Syndrome Protein, HGNC:12791, RECQ3, RECQL2, RECQL3) (Azide Free) (MaxLight 490), IgG2a, Clone: [3C11], Mouse, Monoclonal USB-W9000-03-ML490**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-W9000-03-ML490-100                                                                                                                                                                                                                                        |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, IF, WB                                                                                                                                                                                                                                                 |
| Immunogen                | Partial recombinant protein corresponding to amino acids 1322-1432 of human WRN with GST tag. MW of the GST Tag alone is 26kD.                                                                                                                                |
| Produktbeschreibung      | MaxLight(TM)490 is a new Blue-Green photostable dye conjugate comparable to DyLight(TM)488, Alexa Fluor(TM)488 and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (491nm), Emission (515nm), Extinction Coe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [3C11]                                                                                                                                                                                                                                                        |

|              |                                                                                           |
|--------------|-------------------------------------------------------------------------------------------|
| Isotyp       | IgG2a                                                                                     |
| NCBI         | <a href="#">000544</a>                                                                    |
| Reinheit     | Purified by immunoaffinity chromatography.                                                |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)490. |
