## Product Datasheet

**ZNF215 (BAZ 2, BAZ2, BWSCR2 aSsociated Zinc Finger Protein 2, Zinc Finger Protein 215, Zinc Finger Protein with KRAB and SCAN Domains 11, ZKSCAN 11, ZKSCAN11, ZNF 215) (Azide Free), IgG1, Clone: [2C11], Mouse, Monoclonal  
USB-Z0741-15**

|                          |                                                                                                                                                                                                                                                               |

| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Recombinant human protein corresponding to a portion of amino acids within aa1-305 of human ZNF215.                                                                                                                                                           |
| Produktbeschreibung      | Applications: Suitable for use in ELISA and Western Blot. Other applications not tested. Recommended Dilution: ELISA: 1ug/ml-3ng/ml Western Blot: 1:500-1:1,000 Optimal dilutions to be determined by the researcher. Storage and Stability: May be stored... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |

|                  |                                                                          |
|------------------|--------------------------------------------------------------------------|
| Klon-Bezeichnung | [2C11]                                                                   |
| Isotyp           | IgG1                                                                     |
| NCBI             | <a href="#">14538</a>                                                    |
| Reinheit         | Purified by immunoaffinity chromatography.                               |
| Formulierung     | Supplied as a liquid in PBS, pH 7.2. No preservative added (Azide free). |
