### Anti-GIP Antibody Picoband PE Conjugated, Rabbit, Polyclonal BOB-PB9947-PE

|                          |                                                                                                                                                             |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-GIP Antibody Picoband PE Conjugated, Rabbit, Polyclonal                                                                                                |
| Artikelnummer            | BOB-PB9947-PE                                                                                                                                               |
| Hersteller Artikelnummer | PB9947-PE                                                                                                                                                   |
| Alternativnummer         | BOB-PB9947-PE-100UG                                                                                                                                         |
| Hersteller               | Boster Bio                                                                                                                                                  |
| Wirt                     | Rabbit                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                  |
| Applikation              | FC                                                                                                                                                          |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                  |
| Immunogen                | E. coli-derived mouse GIP recombinant protein (Position: Y44-Q85).<br>Mouse GIP shares 92.9% amino acid (aa) sequence identity with both human and rat GIP. |
| Klonalität               | Polyclonal                                                                                                                                                  |
| Molekulargewicht         | Calculated Molecular Weight: 16389 MW                                                                                                                       |
| NCBI                     | <a href="#">14607</a>                                                                                                                                       |
| UniProt                  | <a href="#">P48756</a>                                                                                                                                      |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                 |
| Reinheit                 | Immunogen affinity purified.                                                                                                                                |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Gastric inhibitory polypeptide                                       |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
