| Artikelname              | Anti-Arsb Antibody Picoband Fluoro647 Conjugated, Rabbit, Polyclonal                                                                                                                   |
| Artikelnummer            | BOB-A01609-3-FLUORO647                                                                                                                                                                 |
| Hersteller Artikelnummer | A01609-3-Fluoro647                                                                                                                                                                     |
| Alternativnummer         | BOB-A01609-3-FLUORO647-100UG                                                                                                                                                           |
| Hersteller               | Boster Bio                                                                                                                                                                             |
| Wirt                     | Rabbit                                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                                             |
| Applikation              | FC                                                                                                                                                                                     |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                             |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminus of mouse Arsb, which shares 88.2% and 94.1% amino acid (aa) sequence identity with human and rat Arsb, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                             |
| NCBI                     | <a href="#">11881</a>                                                                                                                                                                  |
| UniProt                  | <a href="#">P50429</a>                                                                                                                                                                 |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                            |
| Reinheit                 | Immunogen affinity purified.                                                                                                                                                           |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Arylsulfatase B                                                      |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
